OFFICIAL PROGRAM 35c

## THE DAILY DOUBLE

The Daily Double will be on the first and second races

### Explanation

The Daily Double may comprise any two races included on the same daily racing programme, due notice having been given by the use of signs and in the programme of those races that will be in the combination.

### Rules

1. Daily Double selections must be made and the ticket, for both selections, purchased prior to the closing of this pool before the running of the first half of the Daily Double.
2. The wagered money will comprise an entirely separate pool. The Daily Double is not a parlay. In all cases the play is on the winning (straight) horses only, the pool being divided among the holders of tickets on the winner of both the first half and the second half of the Daily Double.
3. Should no tickets be sold on the winner of the first half of the Daily Double, those holding tickets on the horse finishing nearest the winner shall be considered as holding winning tickets on the first half and shall be treated in the same manner as had the horse placed first, should there be no tickets coupling the winner of the first half with the winner of the second half, the pool shall be divided among those holding winning tickets on the first half of the Daily Double, coupled with the horse finishing nearest the winner in the second half of the Daily Double.
4. Entries and Fields are coupled. In the event that part of an entry or field is scratched and there is one starter from the entry or field there shall be no refund.
5. If for any reason the first race of a Daily Double is cancelled, declared off or declared "no contest," a full and complete refund of the Daily Double pool will be made. Should the second race of a Daily Double be cancelled, declared off or declared "no contest," after the running of the first race on which Daily Double tickets have been sold, the Daily Double pool shall be calculated as a Straight pool and divided among those holding tickets on the winner of the first half of the Daily Double.
6. There shall be a refund of Daily Double wagers in the event of a horse being excused from running before the first race of the Daily Double. This refund to apply only to wagers on the excused horse.
7. Should a horse or horses (not coupled with a starter) be excused from starting in the second race of the Daily Double after the first race of the Daily Double has been run, holders of all Daily Double tickets on such horse or horses, coupled with the winner of the first half, shall participate in the Consolation Double Pool.
8. In the event of a horse or horses being locked in the starting gate in either half of the Daily Double, such horse or horses will be considered in the same manner as an excused horse and the Mutuel Pay-off will be governed by Rules 6 and 7.
9. Positively no exchange of tickets after the purchaser thereof has left the sales window.
10. The pay-off shall be posted, all circumstances permitting, after the pool closes and before the race completing the Daily Double has been run, except that in the event of a dead heat in the first half of the Daily Double the posting of the pay-off will be deferred until the race completing the Daily Double has been run. In the event of a dead heat in the second half of the Daily Double the pay-offs as posted are void and new prices will be calculated and the winning prices subsequently reposted. This will also apply in the event of a scratched horse in the second half.

### "QUINELLA" RULES

1. The "QUINELLA" is a separate pool on the LAST RACE ONLY. The player attempts to name the two horses in the last race that finish first and second; not necessarily in the order in which they finish—just the two horses that fill the first and second places, however they finish. Should there be no tickets sold on the winning combination, the pool is to be divided among holders of tickets on the nearest combination. Should there be a dead-heat for first place the pool is to be divided among holders of tickets on the two horses finishing first.
2. Should there be a dead-heat for second place the pool is to be calculated as a place pool, and divided among holders of tickets on the two winning combinations. (That is—the tickets which bear the number of the winning horse with that of either of the horses which dead-heat for second place.)
3. Do not destroy your "QUINELLA" tickets until the official result is posted.

# GENERAL INFORMATION

## PUBLIC INFORMATION BOOTHS

A general information booth to assist in any inquiry except those involving pari-mutuel transactions, is located at the north end of the Turf Club and on the third floor of the grandstand at the south end. The pari-mutuel information booth is located on the main floor of the grandstand in the middle of the cashier's bay.

## RESERVED SEATS

Grandstand reserved seats are available daily at the booth located on the third floor of the grandstand at the south end. These may be purchased daily or on a seasonal basis. Advance reservations may be made by mail, if a cheque or money order (not cash) is included with request. Address Reserved Seats, Assiniboia Downs, 155M Polo Park, Winnipeg 10, Manitoba, stating date desired.

## FIRST AID ROOMS AND INFIRMARY

There is a doctor on the grounds at all times during racing hours. The Infirmary is at the north end of the grandstand next to the Jockeys Room.

## PROGRAM GUIDES

The start and finish of each race is marked on the small diagram included at the top of each race. The distance of the event is printed inside the diagram.

## UNCASHED TICKETS

All previous days' tickets will be paid at Window No. 123, on the main floor of the grandstand. Tickets may be sent by registered mail addressed to Mutuel Department, Assiniboia Downs, 155M Polo Park, Winnipeg 10, Manitoba.

## THE LANGUAGE OF HORSE RACING

## DISTANCES

**Eighth Pole**—Marker on inside of track, one-eighth mile (220 yards) from the finish. Poles are placed every one-sixteenth of a mile back from the finish line.

**Furlong**—One-eighth of a mile, 220 yards.

**Length**—The length of a horse, considered to be about nine feet. One length is usually rated at one-fifth of a second, so a horse trailing by two lengths at the finish is about two-fifths of a second behind.

## TRACK CONDITIONS

**Fast**—Footing at its best; dry and even.

**Good**—Rated between fast and slow.

**Slow**—Damp and clinging, between good and heavy.

**Heavy**—A drying track, between slow and muddy.

**Sloppy**—Condition immediately after a rain, usually has firm footing beneath the surface.

## PARI-MUTUEL INFORMATION

All pari-mutuel pools are calculated and distributed in accordance with the regulations as issued by the Federal Department of Agriculture, under whose approval and supervision such betting is carried out.

Should any incident arise which is not covered by the rules carried in this programme in connection with pari-mutuel betting, the final decision shall rest with the Federal Department of Agriculture's Supervisor of Betting or his agent under whose jurisdiction pari-mutuel betting is conducted.

Department of Agriculture Rule 78—Refunds—Should a horse be excused from starting in a race, all monies wagered on such horse shall be refunded, provided such horse is not part of an entry or one of the mutuel field.

Should any unforeseen incident occur to a horse in the paddock, en route to the "post," while or after being placed in but before despatched from the starting gate, and if, in the judgment of the Stewards it is warranted, they may order the horse "scratched."

Should the doors at front of any stall gate fail to open when the starter dispatches the field, thereby causing a horse to be left, the starter shall immediately report the name of the horse to the stewards, and the stewards shall order the money wagered on such horse deducted from the pool and refunded to the purchasers of tickets on that horse.

## PHOTO FINISH AND FILM PATROL

PHOTO FINISH—The Camera is used as an assistance to the Judges in arriving at a decision. However, in all races the decision of the Judges is final.

The Film Patrol takes moving pictures of every race from a number of high camera towers situated around the race track. Every incident in a race may thus be seen from at least two points-of-view. The films are invariably viewed by the Stewards before any penalty is imposed on a jockey for any improper conduct in a race.

Members of the public are invited to public showings of the films which are held on the next day (or Monday, for Saturday's races). Public showings are held at about 5.00 p.m. and application may be made to the Racing Secretary's office any time before that, to attend the public showing.

## HOW TO PURCHASE MUTUEL TICKETS

Designate NUMBER of horse FIRST, then amount of tickets desired.

Please be sure that the number on your "Tote" ticket corresponds with the number on the programme. Mistakes CANNOT be rectified after leaving window.

The management is not responsible for incompleted transactions after the "Tote" machines are locked.

DO NOT DESTROY TICKETS UNTIL RESULTS HAVE BEEN DECLARED OFFICIAL. No claim will be recognized for tickets thrown away or destroyed. Claims may be filed for torn or mutilated tickets which will be paid if approved. All claims should be made at the Information Wicket within 30 minutes after the race is run.

## NO DELAY ON INQUIRIES

In the case of an inquiry into the running of the previous race, to eliminate delay the totalisator machines will be cleared and the mutuel windows will be opened for the next race.

The official result of the previous race will be announced as soon as the inquiry is completed.

Rulings of the Stewards with regard to the award of purse money, made after the result has been declared official, shall in no way affect the mutuel payoff.

## LOST AND FOUND DEPARTMENT

Located on Main Floor

While every effort is made to avoid mistakes occurring in the makeup or printing of the programme, Assiniboia Downs Ltd., assumes no liability for programme errors or omissions.
